APPROVAL OF PROJECT FOR FUTURE CONSIDERATION OF FUNDING
ROUTE 134 IN LOS ANGELES COUNTY

RECOMMENDATION

The Department recommends that the California Transportation Commission, as a responsible agency, approve the attached Resolution E-01-15.

SUMMARY AND CONCLUSIONS

This resolution proposes to approve for future consideration of funding the following project for which a Negative Declaration has been completed:

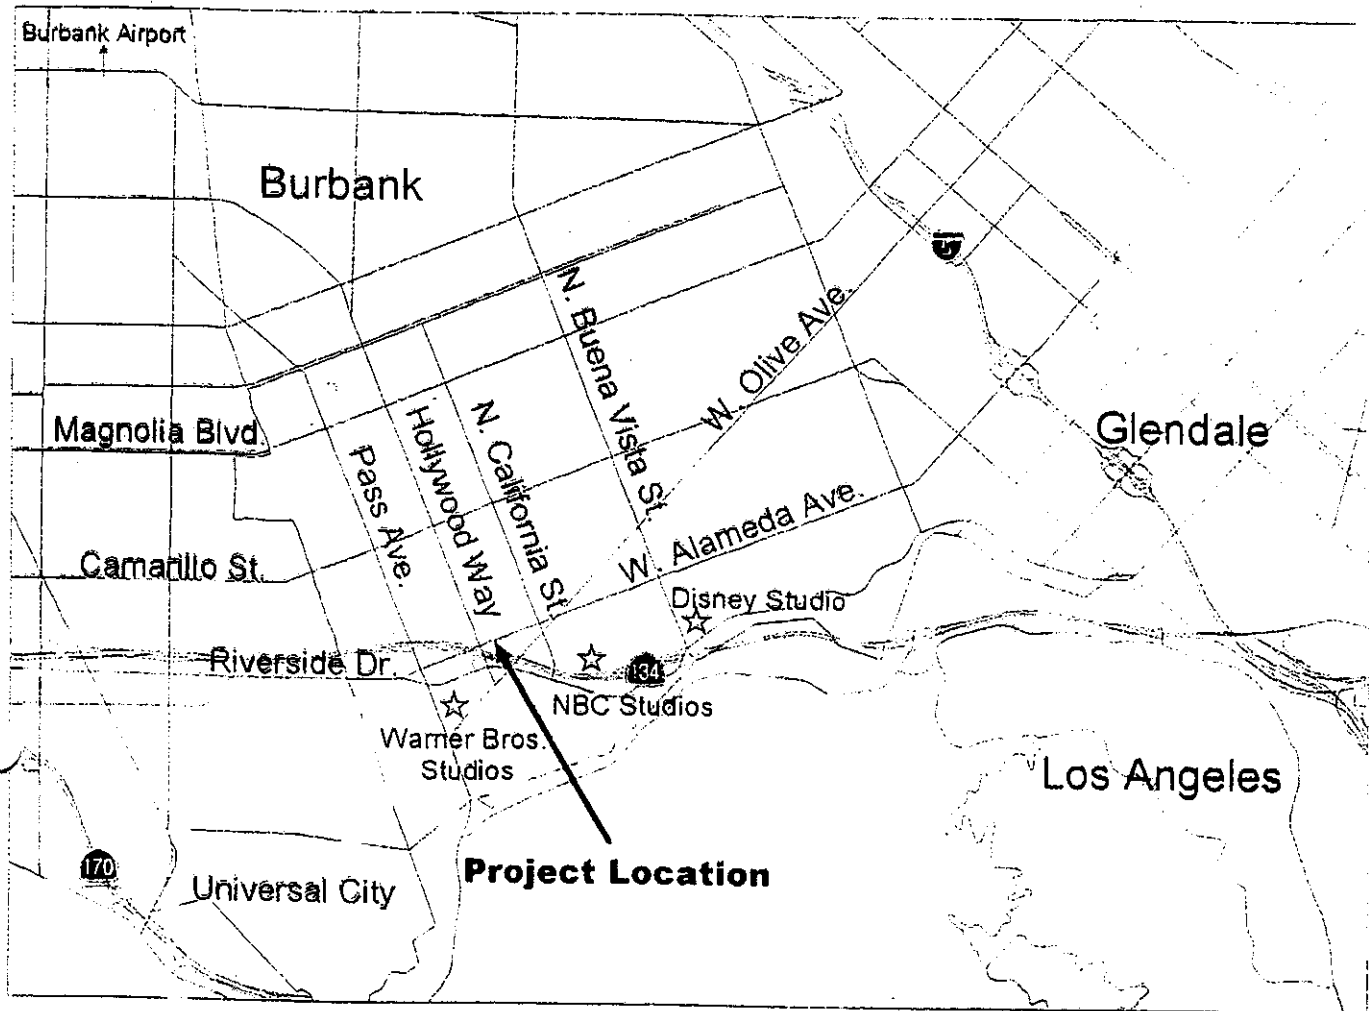

- Route 134 in Los Angeles County– Modify the Hollywood Way and Alameda Avenue Interchange in the City of Burbank.

The project is programmed in the 2000 State Transportation Improvement Program (STIP) for construction in the 2002/03 Fiscal Year for a total of \$19.7 million (\$16.8 million capital and \$2.9 million support) which is broken down to \$8.0 million from the Interregional Improvement Program (IIP) (\$5.1 million capital and \$2.9 million support), \$6.3 million capital from the Los Angeles County Regional Improvement Program (RIP) and \$5.4 million capital from the City of Burbank. Current cost estimates for the project range from \$25 to \$35 million (capital and support costs). The Department will work with the City of Burbank and the Los Angeles County Metropolitan Transportation Authority (LACMTA) to identify sources of additional funding for any required cost increase.

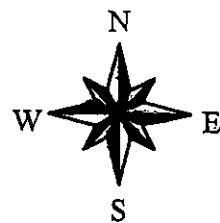

The Negative Declaration and supporting Initial Study has been transmitted to Commission staff.

The Department has approved the project for construction. This approval and the resulting filing of the Notice of Determination with the Office of Planning and Research will satisfy the environmental requirements for this stage of the project planning process.
